To qualify for the MVNO rate, you must represent an MVNO. An MVNO is a communications service provider that does not use its own infrastructure to provide connectivity but leases out infrastructure from one or more cellular network carriers to offer a mobile connectivity plan.

*To qualify for the MNO rate, you must represent the Wholesale department of an MNO. An MNO owns the complete telecom infrastructure for hosting and managing mobile communications.

**There are a limited number of Media Pass available, only to members of the press with media accreditation. Subject to confirmation.
